I am a web development enthusiast focusing on JavaScript, PHP, and the Laravel framework. My vision is to create websites that simplify business processes and provide innovative solutions to enhance the efficiency and quality of business processes.

Experience

Internship - PT Telkom Indonesia Witel NTT

As a web developer

January - March 2023

During my internship, I was tasked to do the following tasks:

- Made a web application for managing and archiving data of the backbone cable system.
- Create website layout/user interface in Laravel.
- Integrate data from various back-end services and databases.
- Deploy the result of the project in point one.

Education

Universitas Kristen Satya Wacana

Informatics Engineering Bachelor Program in 2019 -2023 with 3.76/4.00 GPA. Some of the activities I participated in during college include:

- **Social activities :**
 - FTI Days 2022 (Consumption Division)
 - Pemrograman Desktop Extracurricular 2021 (Chief of Extracurricular)
 - Innovative and Creative Information Technology 2021 (Secretariat Division)
 - E-Sport Extracurricular 2021 (Participant)
 - Basic Student Leadership Training 2020 (Participant)
- **Projects**
 - Thesis about document archiving system using Laravel. This can be seen at <https://github.com/GedeAbdi15/tugas-akhir>
 - Palindrome checker using JavaScript. This can be seen at <https://gedeabdi15.github.io/palindrome-js/>
 - Portfolio website using Tailwind CSS and JavaScript. This can be seen at <https://gedeabdi15.github.io/my-portfolio/>
 - Calculator using JavaScript. This can be seen at <https://gedeabdi15.github.io/Kalkulator-JS/>

Certification

Database Design and Programming with SQL - Course Work and Training

Oracle

Issued November 2022

Database Design and Programming with SQL - Final Exam

Oracle

Issued November 2022
